CSE 114
Fundamentals of Computer Programming
Lab Exercise

In this lab exercise, you are going to implement a C program that prints the following pattern according to user input:

```
1 1
   2 2
      4 4
      4 4
   2 2
1 1
```

Fig. 1: User input is 3

```
1 1
   2 2
      4 4
         8 8
            16 16
            16 16
         8 8
      4 4
   2 2
1 1
```

Fig. 2: User input is 5
